

Withdrawal of Savings Certificates from general sale

NS&I has withdrawn its Index-linked Savings Certificates and Fixed Interest Savings Certificates from general sale at close of business on 6 September 2011. The latest Issues of Savings Certificates have been on sale for almost four months (since 12 May 2011) and have been very popular during this time. At the outset NS&I assumed that the sums invested would be very substantial, and the original expectations have now been met.
